Micronutrients in Pediatric Mental Health Care: Clinical Evidence, Patient-Centered Testing, and Integrative Treatment Planning

LEARNING OBJECTIVES:

- Review the common terminology, underlining the relationship between micronutrients and mental health.
- Describe a patient-centered approach to laboratory testing to support individualized, integrative treatment plans.
- Evaluate the current research for nutritional interventions supporting mental health and resilience in children and adolescents; integrate these findings into evidence-informed pediatric behavior health care.

FACULTY:

KIMBERLY J. ERlich
MSN, RN, MPH, CPNP-PC,
PMHS, CIMHP

Founder/CEO,
Nurse Practitioner
Pediatric Wellness Partners, CA
Psychiatric Provider
Healthy Teen Project
Los Altos and San Francisco, CA

MEETING INFORMATION:

Date: Tuesday, August 11, 2026

Time: 12:30-2:00pm EDT

Location: Webinar
